Reference

Jack Hale,
Audio Engineer, CIU
jack@ciu-production.co.uk,
07875788368

Aspiring Web Developer with a former background in music. I make software come true with elegant interfaces. I also take great care in the experience, architecture and code quality of the things I build.

Professional Experience

Microverse, *Student at Remote Software Development Bootcamp* ↗
04/2020 – 12/2020
- Spent 40 hours per week heavily focused on pair programming.
- Learnt fundamentals of Web Development.
- Practised Algorithms & Data Structures.

Freelance, *Live Sound Engineer*
03/2016 – 10/2019
My previous line of work was predominantly in the Live Events Industry. I worked as a Live Sound Reinforcements Engineer mainly working with live bands throughout the UK.

Coding Projects

Phaser 3 Game
A Game Built-In JavaScript Using the Phaser 3 Framework.
Live Website ↗
GitHub Repo ↗

Certifications

HTML & CSS, *Microverse, Certificate of Completion* ↗
08/2020

Ruby/Databases, *Microverse, Certificate of Completion* ↗
08/2020

Ruby on Rails, *Microverse, Certificate of Completion* ↗
11/2020

Interests

Music
I have been passionate about music since I was a child and have continued to pursue it as a hobby throughout my life. I enjoy playing the guitar. I also like exploring different genres of music.

Technology
I am fascinated by the ever-evolving world of technology and enjoy keeping up with the latest developments. I particularly enjoy learning about Frontend Web Development as I am drawn to the arts. I have experience with various programming languages and enjoy tinkering with software and hardware in my spare time.
